SUMMARY

 I am a master's degree graduate in cybersecurity from the University of Turku one of the leading universities in the country. I have a passion for the field of cybersecurity and am working to improve my skills in order to become an asset to my employers. My goal is to become a proficient and valuable member of the cybersecurity community.

WORK EXPERIENCE

Hello World.Og   Kampala, Uganda
Data Officer Consultant   Mar 2021 - Dec 2021

- Updated and maintained web portal content, ensuring accurate and current information was available to users.
